Relief for Dry Eyes

A professional, non-invasive treatment designed to target the root cause of dry eye and restore **long-lasting comfort**.

HOW JETT PLASMA HELPS DRY EYES

IMPROVES OIL FLOW

Helps restore healthy meibomian gland function.

REDUCES INFLAMMATION

Calms irritation and soothes the eyes.

SUPPORTS TEAR STABILITY

Improves tear quality and natural lubrication.

TREATS THE ROOT CAUSE

Targets the underlying cause of dry eye.

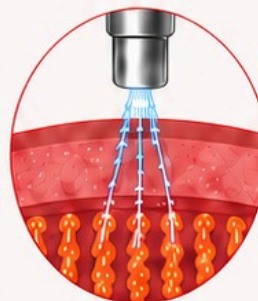

WHY CHOOSE JETT PLASMA?

- ✓ Non-invasive treatment (no surgery)
- ✓ Minimal discomfort
- ✓ No downtime
- ✓ Safe and clinically proven
- ✓ Long-lasting results (results can last for months)

HOW IT WORKS

Jett Plasma uses controlled plasma energy to gently stimulate the eyelids, improve circulation, and restore proper gland function—helping your eyes heal naturally.

**Treat the cause.
Not just the symptoms.**

WHO IT'S FOR

Chronic dry eye sufferers

Screen-related eye fatigue

Irritation, burning, or redness

Contact lens discomfort

Blepharitis and MGD

Ask us about Jett Plasma treatments and how it can help your eyes.

**HEALTHIER EYES.
BETTER LIFE.**

COMFORT. PROTECTION. RELIEF.
Because micro plasma treatments can help with these.
